

Welcome to *Ace School*

Ace School is a K-10 school based in Kathmandu, one of two schools under the Ace High School umbrella, the other being Ace Higher Secondary School. We foster a structured learning environment where students grow holistically toward fulfilling their potential in academic, artistic, physical, and socio-emotional dimensions.

Our *Mission*

Mission

1. Every Child feels safe and comfortable exploring and learning.
2. Children's curiosity to learn is nurtured to make them autonomous and self-regulated learners.
3. Everyone imbibes and embodies the values of respecting self and others and doing the right thing even when no one is watching.

How do we do it?

We do it by creating and nurturing a culture of caring and collaboration that attracts and retains people:

1. Who love serving students as they learn and grow
2. Who are motivated to learn and become better in their profession continually
3. Who help and seek help from their colleagues in nurturing a culture of learning

Why do we do it?

As we strive towards our mission, our students will grow into thoughtful, responsible, compassionate, and contributing members of society and the world.

A School *Reimagined*

At Ace school

- Acers are nice and respectful to one another.
- They are honest and hardworking.
- They take responsibility for their actions.
- They are curious and take initiative.
- They value rules but are not afraid to ask questions.
- They are confident about themselves but humble with others.
- They compete with self and cooperate with others.

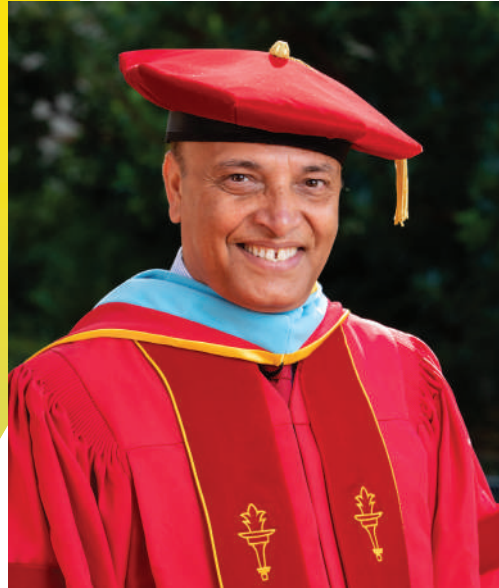

Message from the *Founder*

I am grateful to everyone who has contributed to making the two Ace High School institutions (Ace School and Ace Higher Secondary School) what they have become.

I feel blessed to have finally discovered a vocation I love: working alongside dedicated teachers and administrators in a shared mission of developing and spreading schools where

- Students have the psychological safety of exploring and learning.
- Teachers nurture children's curiosity to learn and help them grow to become self-regulated learners.
- Everyone embodies the value of respecting self and others.

Sincerely
Ajaya Ghimire

Primary and *Junior Years*

Curriculum & Approach

Inquiry, observation, and experimentation

At the primary level, we focus on ensuring that children feel safe to explore, inquire, experiment, and learn from observation and experience. Children get individual attention as they develop their listening, reading, writing, speaking, numeracy, and analytical skills. Lessons and activities in and out of the classroom are designed to develop cognitive and socio-emotional intelligence.

Core subjects offered:

- Language and Communication
- Mathematics and Logical Reasoning
- Science, Experimentation, and Evidence-based Conclusion
- Social Studies and Sociocultural and emotional Intelligence
- Computers and Digital Technologies
- Arts Education –Visual & Performing Arts
- Physical Education – Athletics, Aquatics, and Sports

Additional learning experience:

- Foreign language and culture
- Community Service
- Mission-based Field Trips
- Participation in the production and showcasing of a class project.

Secondary and *Senior Years*

Curriculum & Approach

Challenging, inclusive, and innovative

At the secondary level, we continue to focus on improving the children's cognitive skills and strengthening their socio-emotional skills. As they transition from childhood to adolescence, they learn to embrace challenges and develop an understanding that there are no shortcuts to success. They solidify the values of accepting responsibility, being open to learning from experience, and being nice and humble.

Core subjects offered:

- Language (English and Nepali)
- Mathematics (Compulsory & Additional)
- Science, Experimentation, and Evidence-based Conclusion
- Social Studies and Sociocultural and Emotional Intelligence
- Computers and Digital Technologies
- Health & Physical Education

Additional learning experience:

- Foreign language and culture
- Community Service
- Mission-based Field Trips
- Participation in the production and showcasing of a class project.
- Club activities

Parents as Partners for Child's *Development*

Conflicting signals from parents and teachers can confuse children. Ideally, both should be role models for the children. We encourage regular individual parent-teacher interactions, besides a variety of other initiatives and social events that bring parents and teachers together.

Activity based *Learning*

The school emphasizes exploration, experimentation, and learning by doing. Students are encouraged to ask questions, collaborate with others, and not limit their learning to the confines of the classroom. The Acers cherish learning for its own sake and for the sake of making this world a better place.

Excursions and *Field Trips*

Excursions and field trips are essential components of the Ace School's curriculum. By offering learning experiences in a setting outside the classroom, such visits can develop and strengthen educational activities in the classroom.

Academic *Excellence*

We are incredibly proud of the exceptional results obtained and the tremendous work put forth by our grade 8 and 10 students in their BLE and SEE exams each year, even if a restricted concentration on academia alone is not Ace School's driving vision.

Outstanding *Faculty Team*

Ace School believes in blending qualified facilitators' expertise with avid learners' curiosity. Our faculty are brilliant scholars and committed teachers who love students and bring real-world experience into the classroom. With dedicated faculties and the activity-based learning approach methodology, we are delighted to expand the academic horizons of our students for their holistic development at Ace.

Social Emotional *Learning*

At Ace School, SEL is incorporated into the curriculum, which assists students in better understanding and recognizing their own emotions. This can also aid in the growth of empathy, improved self-control, and stress management. Additionally, it aids in the development of stronger interpersonal connections and interpersonal abilities that will help them flourish as adults, both in and out of the classroom.

Co curricular *Activities*

Explore the amazing school clubs @Ace School

Apart from the regular co-curricular activities, Ace School allows students to acquire skills they would not ordinarily get during regular school hours. Students can choose from a variety of activities, including those that are of special interest to them. These clubs provide excellent networking opportunities for students and a place to meet other people with similar interests and ideas, along with an opportunity for students to take on leadership roles.

- Business
- Photography & Videography
- Eloquent
- Publication
- Event Management
- Outreach
- Ace Ted-Ed Club
- Content Creation

Co curricular activities

Life at Ace is vibrant, enjoyable, and full of wonderful learning opportunities. One of the key ingredients of Aceperience is the discipline of balancing: our students extensively engage in co-curricular activities and learn important life skills, even while they work to achieve academic excellence.

Our curricular programs include swimming, arts & crafts, sports, dance, theater, music, public speaking, and life skills like dining etiquette, self defense, etc. These are meant to foster students' communicative, collaborative, and leadership abilities.

Flagship *Events*

At Ace,
students take
part in a range of
activities during the
academic year that help
foster a sense of belonging,
connections, and school pride.
As they interact with peers and the
community outside of the classroom,
these activities enable students to explore
their learning beyond the classroom.

Kaleidoscope - Ace Inter School Festival

Ace Junior Kaleidoscope, the biggest Inter School festival, is organized with the objective of providing students with a strong platform to showcase their talent. There are four different streams of expression - Music, Fine Arts, Sports, and Wits - for students to exhibit their talents.

Ace Annual Theater

A theme is picked each year, and the students, along with trainers, prepare and present the drama or skit. The event is a chance for them to show off their acting and theatrical skills

Ace Bazaar

A fun-filled bazaar where our young Acepreneurs learn and enhance their business skills by selling hand-made products, crafts, decoration items, paintings, sweets, food items, and much more.

Annual Day

The annual day at Ace School is a time for celebration, felicitation, feasting, and festivity where students showcase their bright performances and earn awards for their academic and extracurricular accomplishments.

Family Day

Family Day is a wonderful opportunity for families to socialize and participate in enjoyable activities with the students and staff.

Literacy Week

Celebrating Literacy Week is an opportunity for the school to celebrate and acknowledge the achievements of learners and the work of those who support young people to develop stronger literacy skills. Various activities are designed to raise awareness about the importance of reading and to instill in children a love for reading and writing.

Project Exhibitions

In every term, students exhibit their project work to parents and faculty on the subject and area of their interest. Students also develop action plans and project specifications as part of their learning journey, and they also reflect on how they approached and completed their project.

Sports Week

Ace Sports Week is an annual event where students indulge in both outdoor and indoor activities. Students compete in a variety of sports like futsal, badminton, and basketball, as well as indoor games like table tennis, chess, and carom. It also includes track events like the long jump, relay race, 50, 100, and 200 - meter dashes, and more.

Aceperience

Students who have lived through their Aceperience say it is unique and truly transformational.

Ask any Acer about their Aceperience, and you will hear the answers of **Freedom and Independence, Vibrant & Caring Ace Family, Wonderful Teachers, Amazing Environment & Facilities**, how students feel **Safe & Successful**, and how they can be **themselves**.

The background features a light gray architectural facade of a building with a series of white, curved, overlapping planes that create a sense of depth and modern design. Scattered across the page are various geometric shapes, primarily triangles, in different colors and sizes. These include a large lime green triangle in the upper left, a yellow triangle in the upper right, a teal triangle in the center, a blue triangle in the lower right, and several smaller triangles in pink, yellow, and teal. A large, solid pink triangle is positioned in the bottom left corner.
